(b) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(c) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(d) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(e) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(f) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(g) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(h) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(i) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(j) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(k) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(l) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(m) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(n) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(o) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(p) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(q) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(r) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(s) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(t) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(u) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(v) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(w) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
(x) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(y) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.	(z) The invention of the present application is directed to the process for producing emulsified salad dressings as described herein.
